

# FIREPLACE GRATES

## SPEC SHEET

Stoll fireplace grates are built by our skilled metalsmiths with industry-leading, heavy duty 3/4" bars. The Ember Grate features a stainless steel mesh to hold the embers up by the fire. The Contoured Grate is tapered from front to back and features a contoured, self-feeding design to keep the fire burning longer. Our ZC Grate is designed for wood-burning Zero-Clearance fireboxes.

### EMBER GRATE

Item #	Bars	Front Width	Back Width	Clearance	Depth	Retail
EM2006	6	20"	17"			\$122.10
